YEAR AT A GLANCE

In 2023, Donor Alliance, the nonprofit organization that facilitates organ and tissue donation in Colorado and most of Wyoming, achieved a record-setting milestone by saving and healing more lives than ever before, representing the **ninth consecutive year of growth**. The generosity of 307 heroic organ donors from across Colorado and Wyoming resulted in 918 lifesaving organ transplants. In addition, Donor Alliance honored the lives of thousands of tissue donors and their families, providing more than 100,000 tissue grafts to those in need.

*Honor the heroes who said yes,
celebrate the lives saved, and
acknowledge those still waiting
for lifesaving transplants.*
